

Dr. Orser looks forward to meeting you for a Complimentary One-Hour Exam.

Please call us at: 847-870-8820

Dr. Stevan Orser has a passion for creating beautiful and healthy smiles that last a lifetime.

Dr. Orser is an Accredited Member with the *American Academy of Cosmetic Dentistry*. He offers a variety of cosmetic and reconstructive dental procedures, including dental implants, teeth whitening, porcelain veneers, bonding, bridges, dentures, and more. Whether you require a single procedure or a complete smile makeover, Dr. Orser will perform your dental work with precision, artistic skill, and a focus on your comfort.

Bonding and Veneers

Don't let your smile age you. Veneers and bonding will instantly give you a younger appearance.

Zoom! Professional Whitening

Want to look 10 years younger? The secret to a more youthful smile can be as simple as whitening your teeth. Dramatically brighten your smile with our advanced whitening treatment that will make your teeth up to eight shades lighter in just one hour.

Tooth-Colored Fillings, Contouring and Smile Makeovers

Even minor adjustments to your teeth, such as replacing silver fillings and making subtle shape changes, will give you a dazzling and youthful smile. Dr. Orser performs custom smile makeovers to bring out the best in each patient's smile.

We provide our patients with the latest innovation in cosmetic dentistry - the "Trial Smile"

Dr. Orser is one of the few dentists in the area to offer the "Trial Smile." This lets you literally "try on your smile" before you begin treatment. Dr. Orser will create a model of your smile that you can wear to see the fantastic results that await you! "Trial Smile" is a more realistic way to envision your new look than simply viewing an image on a computer.

Would you like to see how you would look with a new smile?

Call Dr. Orser today for your complimentary one-hour exam. Offer includes digital photographs, jaw joint examination, decay and gum disease assessment, bite exam, and a cosmetic consultation.

For more information about Dr. Stevan Orser, please see our ad on page 2 in the "Doctors You Should Know" section.
